

## YEAR FOUR PARENT CONTRIBUTIONS 2026

Dear Parent/Carer

Clifton Hill Primary School is looking forward to another great year of teaching and learning and would like to advise you of the school's voluntary financial contributions for 2026.

Schools provide students with free instruction to fulfil the standard Victorian curriculum and we want to assure you that all contributions are voluntary. Nevertheless, the ongoing support of our families ensures that our school can offer the best possible education and support for our students.

Whilst the State Government supplies most of the school's funding, it is not sufficient to meet the costs of our extensive programs and offerings, some of which are listed below. Schools are dependent on locally raised funds to supplement the State Government's funding for our curriculum programs, services, and resources. Locally raised funds in the form of voluntary parent contributions are therefore essential for the operation of our school's extended teaching and learning programs, specialist staff and the purchase of additional equipment.

Within our school the support of locally raised funds, particularly voluntary contributions, allows us to:

- offer a wide range of subjects and special curriculum experiences such as a specialist STEM program
- enhance digital learning opportunities
- operate a literacy intervention program in years P-2
- offer extension programs such as Tournament of Minds, Maths Olympiad and Maths extension teaching
- extensively resource our school library
- employ a school nurse 5 days per week
- employ a school psychologist 1 day per week
- maintain grounds on a weekly basis and regularly update our planting
- engage in refurbishment projects such as painting and upgrading flooring in our classrooms

It is important to stress that the viability of our innovative programs in 2026 relies on your support through voluntary parent contributions. We understand the financial challenges faced by families, and we want to assure you that all contributions are valued and go directly toward student programs, specialist staff, and facilities that benefit everyone. By working together and contributing what we can, we create a powerful collective impact. If you have any concerns or questions about payment, our Principal and Business Manager are available for further discussion.

The School Council would like to thank you for your ongoing support, whether that's through financial contributions, fundraising, or volunteering your time. This has made an enormous difference to our school and the programs we can offer.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Mary-Helen McIlroy  
School Council President
